DETAILED ACTION

1. The amendment filed on 1/26/05 has been fully considered and made of record in the instant application.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 6/28/04 and 1/26/05 was filed before the mailing date of the notice of allowance on 4/11/05. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Peter A. Veytsman on April 8 and 11, 2005.

The application has been amended as follows:

IN CLAIMS:

In claim 59, line 12, after "conductive layers" insert -- to a circuit component located between said interconnect wiring structure and said substrate --.

Allowable Subject Matter

4. The following is a statement of reason for the indication of allowance subject matter: the prior art of record does not teach or suggest the combination of an interconnect wiring structure extending from the signal wiring layer through the insulating and conductive layers to a circuit component located between the interconnect wiring structure and the substrate along with the other limitations in claim 59.

A signal wiring layer has an interconnect wiring structure in electrical communication with the at least one circuit component, wherein the interconnect wiring structure extends through the insulating and conductive layer along with the other limitations in claim 132.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the communication or earlier communications from the examiner should be directed to Alonzo Chambliss whose telephone number is (571) 272-1927.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the group receptionist whose telephone number is (703) 308-7956.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system Status information for published applications may be obtained from either Private PMR or Public PMR. Status information for unpublished applications is available through Private PMR only. For more information about the PMR system see <http://pair-dkect.uspto.gov>.
